

myRandom

```
graph TD; myRandom[myRandom] -- 1 --> myADC[myADC];
```

A diagram showing a directed connection from a box labeled 'myRandom' to a box labeled 'myADC'. The 'myRandom' box is light blue with a black border, and the 'myADC' box is white with a black border. A vertical black arrow points from the bottom of 'myRandom' to the top of 'myADC'. To the right of the arrow, near its tip, is the number '1'.
